

### REMARKS

The above amendments: a) overcome the objections to claims 3 and 33 by correcting typographical errors and ; b) overcome the rejection to claim 33 under 35 U.S.C. §112 ¶2 by adopting a Markush format to clarify the claim; c) overcome the enablement and written description rejections under 35 U.S.C. §112 ¶1 by specifying the residues present in the claimed compositions.

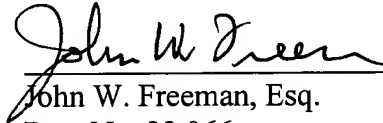

These amendments are proper after final rejection because they cancel claims, remove issues from the case and put the claims in condition for allowance, without raising additional issues.
